CONDITIONAL SENTENCES	Conditional sentences = main clause + if-clause Ex. The cat will scratch you if you pull her tail. The if-clause expresses the condition necessary for the action of the main clause to take place. Either clause can come first. Ex. If you pull the cat's tail, it will scratch you. Unless = if not Ex. Unless someone helps me, I won't finish today. They won't be happy unless I pass the exam 1.- Zero conditional: General truths <u>If- clause</u> <u>main clause</u> simple present simple present Ex. If you heat ice, it turns to water. 2.- First conditional: probable or foreseeable events <u>If- clause</u> <u>main clause</u> simple present "will" future (OR can, may, might) Ex. If he runs, he'll get there in time. If you like this music, I can play it again. 3.- Second conditional <u>If- clause</u> <u>main clause</u> simple past conditional (would + base form) (OR might, could) a) Imaginary but possible situations Ex. If I had a map, I would lend it to you. If a burglar came into my room at night, I'd scream. b) Imaginary but impossible situations. Ex. If I were you, I would plant some trees round your house. *If he/she/it were* can be used instead of *if he/she /it was*, and is considered more correct. If you tried again, you might succeed. If I knew her number, I could ring her up. 3.- Third conditional: Imaginary situations in the past and their consequences <u>If- clause</u> <u>main clause</u> Past perfect perfect conditional (would+have past participle) (OR might, could+have past participle) Ex. She wouldn't have bought that food if she had known that it was genetically modified. Would global warming have happened if people hadn't polluted the environment?
